

PRODUCT RANGE CATALOGUE 2017/18

The **Professional's** Choice

nabclean.com.au

NAB Clean is an Australian, family-owned company based in Melbourne.

A wholesaler of cleaning products and equipment, NAB Marketing was established in 1998 by Nabih Merhi. Nabih has over 35 years of experience in servicing the cleaning industry. As a nationwide supplier in a highly competitive market, NAB's continued growth is due to superior personalised service and highly competitive pricing. We provide our customers with a range of over 2000 different cleaning products, equipment and accessories. We believe in establishing and cultivating co-operative relationships with our customers in which we work together to ensure reliable supply and product quality.

The Eureka business was first established in Melbourne in 1992 when the initial range of squeegees and washers were designed and the original tooling commissioned. Manufacturing commenced shortly after this and progressed to a full range of quality window cleaning equipment, developed for distribution throughout Australia. The original range included both brass and stainless steel squeegees, scrapers and aluminium telescopic poles and a wide variety of T-bar washers. Other lines were sourced including heavy duty brushes and water fed poles, plus general ancillary cleaning equipment. The most recent innovation has been the addition of the innovative "Quad Pro" aluminium squeegees with their 4 sided rubber and revolutionary release clip. All products are distributed around Australia and, with the advent of Quad Pro, are gaining new overseas markets. All this at prices you can afford, to do a professional cleaning job.

60 day Air Care System

Ctn Qty: 6

A new medical grade innovation that harnesses the power of pure oxygen to deliver 60 days of continuous, consistent ambient fragrance.

- No harmful emissions, solvents or propellants
- Low VOCs mean it is ideal for green buildings and LEED certification requirements
- Less waste, safer storage
- Works against gravity so the fragrance oil won't pool or leak
- Unique refill technology delivers precise doses of intense scent with no variation on delivery or drying out

Code	Dispenser Colour
------	------------------

DISPBL	Black
DISPS	Matt Silver
DISPW	White

Code	Fragrance	
------	-----------	--

EUREKA'S Revolution in Squeegee Design Just Got Better!

**NOW
EVEN
BETTER!**

Innovative channel design
accepts both Standard and
Quad Pro rubber blades

**4 sided rubber
doubles blade life**

Ability to use all four
edges of the rubber,
extending blade life

NEW

Improved fixed plastic end caps
with metal locking clips

NEW

Improved quick release
mechanism for easier
channel change

NEW

Versatile swivel handle
rotates 90 degrees,
with comfortable
rubber grip.

Wide range of Channel sizes ranging
from 200mm up to 910mm lengths.

**Double the versatility
Double the cleaning**

EUREKA QUAD PRO

Improved features that will revolutionise the way you clean.

- Plastic end clips are now stronger and fixed to the aluminium channel.
- Improved quick release swivel handle with comfortable rubber grip is now more secure and makes changing channels even easier.

Eureka Quad Pro complements our existing range of commercial window cleaning equipment including traditional brass squeegees, soft and heavy duty washers, scrapers, telescopic poles, brushes plus a range of other janitorial equipment.
